2. Concurrence of LGU Engagement

Municipal local government units must undergo the KC-NCDDP enrollment process that aims to brief the local government units about responsibilities in KC-NCDDP and provide them with opportunities for comments and inputs. As such, the enrollment process will include mapping out the various roles, responsibilities, and contributions that DSWD will expect from the local government units. Through the enrollment process, the local government unit's commitments for KC-NCDDP are better clarified at the early stage, and risks of the local government unit's failure to deliver said commitments can be anticipated and managed by DSWD.
